ROBINS CHAIRMAN OF PROGRESSIVES

H. L. FORDHAM OF THIS CITY
WITHDRAWS AFTER TUMUL-
TIOUS SESSION.

RIVAL FACTIONS MADE TROUBLE

Funks Aspirations for State Utili-
ties Commission Frowned Upon by
McCormick-Ickes-Jones Element.

Springfield, Ill., Oct. 8.—Progressive day at the state fair furnished the following political developments:

Factional differences between the downstate progressives lead by H. H. Funk and the McCormick-Ickes-Jones element caused a row lasting all day and evening. Raymond Robins is elected chairman of the committee after the Funk delegate is withdrawn. The Funk faction is defeated again when the indorsement of Funk for appointment as minority member of the state utilities commission is refused.

Progressives made extensive plans for a campaign to support Arthur H. Shay, progressive nominee for judge of the supreme court in the fifth district. Suffragettes who fear the constitutionality of the suffrage law is at stake in the election are included among the orators who will invade the district.

Prominent democrats, including Roger C. Sullivan, prospective candidate for U. S. senator, and Wm. L. O'Connell of Chicago arrive for democratic day tomorrow.

Elect Robins Chairman.

Raymond Robins of Chicago was elected chairman at the evening session after H. L. Fordham of Dixon, who had been supported by the Funk forces, had withdrawn in his favor. Robins originally was the candidate of the McCormick faction but did not give his consent to take the place until his unanimous election was assured. He succeeds John F. Bass.

The Funk faction suffered a defeat when the opposing element forced a postponement of action on the proposition to indorse a candidate for appointment by Gov. Dunne as a minority member of the state utilities commission. Followers of Funk made a fight to have him indorsed for the place. It was said before the meeting started that 19 of the 25 members of the committee had promised him their support.

Threaten to Bolt.

The rival factions battled at the evening meeting for over two hours over the Funk indorsement. Medill McCormick and Harold I. Ickes both threatened to resign from the committee if indorsements were made at this time. They argued that in view of the fact that Gov. Dunne had not given a definite assurance that he would appoint a progressive on the utilities commission it would not be wise to make a public indorsement at this time. Considerable bitterness was displayed. While Mr. Ickes is the candidate of the anti-Funk faction for the utilities commission membership his name was not brought forward at the meeting.

A report was in circulation that Laverne W. Noyes and F. S. Oliver of Chicago had agreed to contribute considerable amounts to pay off a debt of \$10,000 in the event of Robins' election as state chairman.

BRICK WORK BEGUN ON

WEST SECOND STREET
Contractor George Welch yesterday began laying brick on the West Second street paving improvement, and the work will be rushed as rapidly as possible. The work started at Monroe avenue, which street contractors Rink & Schnell hope to reach with the Third street pavement within a month.

MANY DIXONITES GO

TO THE STATE FAIR
Dixon passengers to Springfield today were delayed nearly 45 minutes in leaving Dixon, the special train on the I. C. being that much late. Ten tickets were sold from Dixon to the state capital this morning, bringing the number sold here during the fair to 78; 26 were purchased yesterday.

FREEPORT IS AFTER STATE INSTITUTION

HOME FOR EPILEPTICS TO BE
LOCATED IN NORTHERN
ILLINOIS

The following taken from Tuesday's issue of the Freeport Standard, is just a little reminder that here is a good chance for Dixon and Lee county democrats to show their speed. We received a terrific disappointment when that insane asylum was finally located elsewhere and need a bracer. The home for epileptics would be an excellent ointment for our outraged pride. The article:

The proposition of securing a state institution for Freeport, which was placed before the councilmen last evening by Mayor Franz, came as a great surprise to the aldermen, although the city's chief executive has been working on the question quietly for several weeks past.

The state of Illinois has decided to establish a home for epileptics in the northern part of the state. A tract of land of 1500 acres will be reserved as a site, and the buildings to be erected thereon will cost \$1,500,000. The land will be farmed and products therefrom will be used for the upkeep of the buildings and to supply the needs of the inmates of the home.

Mayor Franz went to Springfield today, where he will meet a number of prominent men of this section who will call upon Governor Dunne to take the matter up with him and in this manner get Freeport's bid for the institution before the governor and the committee which has charge of the locating of the institution. The members of the committee who decide upon the location of the home have stated that they are in favor of Freeport, and inasmuch as railroad facilities to Freeport are of the best and the land is fertile, it is believed that Freeport has a good chance to get the institution.

As soon as Mayor Franz returns, he will start a systematic campaign among the people of the city and of the county.

TO CELEBRATE YOM KIPPUR

Jews Will Observe Day of Atonement
by Services in Synagogues.

Yom Kippur, holiest day in the Jewish calendar, falls on Saturday Oct. 11, this year, and will be celebrated in solemn observance of ancient custom in Jewish churches. It is the day of atonement, on which ill will is to vanish from the earth and the proper relation between man and Master is to be resumed. Service on this day is continuous—service of prayer.

RETURNS TO WORK IN

ROCHELLE NEXT WEEK
Miss Mary J. Whitney, who has been visiting her sister, Mrs. J. H. Henry, since she fell while on duty at Rochelle some time ago, fracturing her left arm, has almost entirely recovered from the accident and will return to work on the same case next week.

MUCH NEW HOSE IS

NEEDED BY FIREMEN
The Dixon firemen are experiencing considerable trouble at all fires because of the poor condition of much of the hose, none of which is less than five years old. At the fire at the Hamilton motorcycle shop on Wednesday morning a section of the hose burst just as the water was turned on, causing the firemen considerable delay. Several hundred feet of new cotton hose is needed by the fire fighters, and will probably be purchased by the council.

WALTER MERRIMAN HERE

Ex-County Treasurer Walter Merriman, who is now at Chillicothe, Mo., arrived in Dixon yesterday morning for a short visit; business affairs here demanding his presence. Many old friends were glad to greet him.

LICENSED TO WED

A marriage license was issued yesterday to Peter A. Kelly of Bradford and Miss Nellie Utz of Ashton.

MAY SETTLE CASE AGAINST EXPRESS CO.

MOORE VS. BURLINGTON CASE
WILL BE TAKEN UP ON
MONDAY.

Negotiations for a settlement of the case of Mrs. Rose Plein vs. the American Express company, which was to have been tried in the circuit court today, forestalled the case being called, and accordingly the petit jurors, with the exception of those who reside in the immediate vicinity, were excused until Monday. On Monday the Moore vs. C. B. & Q. Ry. case will be taken up. In this case the plaintiff, Mrs. Moore of Mendota, is suing for \$50,000 for the death of her husband, who was killed while in the employ of the Burlington road.

FAMINE IN DUBLIN CAUSED BY STRIKES

HUNDRED THOUSAND PERSONS
STARVING AND BEGGING
FOR FOOD.

Dublin, Oct. 9.—Special to Telegraph—More than a hundred thousand persons in this city are suffering the sharp pangs of hunger as a result of the strike of traction employees, dock hands and freight handlers. Gaunt faced men and women are besieging the government offices with babies in their arms and begging for food.

FIREMEN ARE NOW INSPECTING CELLARS

Fire Marshal Coffey yesterday detailed two firemen to inspect all of the cellars in the business district of the city and to report to him any dangerous conditions he might find. According to the report the firemen made at noon Dixon business men are especially careful of their cellars.

WORK ON BANK PRO-

GRESSES RAPIDLY
Brick work on the new Dixon National bank building has progressed to the fifth floor, the masons having made remarkable time in their part of the work, but it is probable the last story will progress more slowly because of the great amount of terra cotta work to be done. The plasterers who will do the fancy cornice work in the main banking room have arrived from Freeport and are getting their forms ready to begin work.

WASHINGTON POST

DENIES BAD INTENT
Washington, D. C., Oct. 9.—Special to Telegraph—The Washington Post gave conspicuous display to President Wilson's protest of yesterday, and in an editorial disclaims any intention to misrepresent the president.

ADDRESSED STUDENTS

County Superintendent L. W. Miller addressed the pupils of the Greenville school this afternoon on "Whittierland and Snowbound."

ATTENDED GAME.

Among the Dixonites who attended the Cubs-Sox ball game in Chicago yesterday were Will Ford, Geo. Downing, Harry Stephan, Chas. Miller and Dr. F. L. Hamilton.

Polo Grounds, New York City, Oct. 9.—Special to the Telegraph—It rained last night and the clouds this morning indicated further rain, but thousands upon thousands of excited fans flocked to the Polo grounds this morning early and waited impatiently for the gates to open. Mathewson's great victory of yesterday, which evened up the series, has set New York baseball mad and long before the gates were opened it was evident the crowd would be fully as large, if not larger, than on Tuesday.

The Line-Ups.
Managers Mack and McGraw announced the following batting orders for today:

Phidian Art Club Was Entertained

(By Mrs. Petersberger, Sec'y)

The Phidian Art club was delightfully entertained at the home of Mrs. E. E. Shaw, Tuesday afternoon.

After the regular business Miss Hitchcock favored with a double vocal number—"Autumn" and "Nightfall," which were very much enjoyed. The President then gave the annual address and suggested individual study upon the year's subject, "Spain," and the benefit derived from Parliamentary law which will be taken up during the year.

Mrs. Andrus told in a most entertaining way of her trip in Spain, of her difficulty in finding English speaking people and warned us against the impudence of Spanish men.

A paper prepared by Miss Strong was read by Miss Todd, on "Spanish Music." All Spanish music bears the stamp of the Moor and gypsy. The same rituals are used today as were in mediaeval times.

The national temperament is shown in their dance music. The favorite instruments are the tambourine and guitar. The most noted period was in the 16th century and the composers of note were Juan en Del Enino, Bernardino, Ribero and others. There are large conservatories in Barcelona and Madrid.

The program was followed by a social hour and delicious refreshments were served.

Married Last Evening

At the home of the bride's parents Mr. and Mrs. James H. Thompson of 309 W. Third street last evening, the marriage of Miss Nancy Ince Thompson and Henry Rector, took place. The marriage was performed by Rev. F. D. Altman at 6 o'clock, in the presence of the immediate relatives of the contracting parties. The Thompson home had been beautifully decorated in autumn leaves and flowers for the happy event. After the ceremony a tempting wedding supper was served.

After Nov. 1st, the bride and groom will be at home to their many friends, in their home on East Fifth street.

Both Mr. and Mrs. Rector are highly esteemed and have hosts of friends who extend to them hearty congratulations.

Mr. Rector has a furniture and repair business in connection with Morris & Preston, and has many friends in the business and social world.

This is Rev. Altman's 55th wedding this year.

Surprised Mrs. Kent

Last evening the degree staff of the Minnie Belle Rebekah lodge held a surprise on Mrs. W. G. Kent at I. O. O. F. hall. Twenty-one were present and a delightful evening was spent in music and games, and refreshments were disposed of with amazing rapidity, giving evidence of their appetizing qualities. Mrs. Kent is a Past Noble Grand of the order.

Royal Neighbors

A good attendance of members is expected at the meeting of Royal Neighbors this evening in Macabeh hall. There will be initiation and after work refreshments will be served.

Ideal Club

The Ideal club held a pleasant meeting yesterday afternoon at the home of Mrs. Scholl, just out of town, the ladies going by interurban and auto.

Mrs. R. M. Ayres had the paper for the day on "Spinning and Weaving." The paper was most interesting and Mrs. Ayres had as illustrations of her subjects, pieces of line sheets between ninety and a hundred years old and a coverlet made in 1844. She also had a piece of lace or openwork made from flax a hundred years old. A woolen bed blanket was shown, which was spun and woven many years ago. Mrs. Ayre displayed the raw cotton and wool and showed the process of spinning and weaving. Altogether the paper and illustrations were very entertaining and much enjoyed. Dainty refreshments were served and a social hour enjoyed.

Entertained at Dinner

Mr. and Mrs. E. M. Goodsell entertained at dinner Monday Mr. and Mrs. C. H. McKenney.

Mrs. Rosbrook Entertained

Mrs. C. J. Rosbrook entertained this afternoon for Mrs. H. E. Finney of Los Angeles, Cal.

Practical Club

The Practical club will meet with Mrs. E. T. Bailey on Friday afternoon.

Jolly Busy Bees

The Jolly Busy Bees held a regular meeting yesterday afternoon at the home of Mrs. Adams on West First street. After a short business session sewing and fancy work occupied the attention of the ladies. Music was also a feature of the afternoon and a scramble supper was served at 5 o'clock and enjoyed immensely by the guests. The club decided to hold a Halloween party on Halloween.

FARM NEAR POLO

BRINGS \$50,000

John S. Landis and Ira B. Landis who reside west of this city, and who recently sold their farms for \$75,000 have completed a deal in which they purchased of Edward L. Stull, a 320 acre farm, two and one-fourth miles southwest of Polo, for \$50,000. The average price paid per acre was \$156.25. The farm is located close to market, practically surrounded with woven wire fences, farm divided into fields, and enclosed with the same kind of fences.

Buildings Excellent

The buildings on this farm are excellent. A new \$4,000 house is practically completed, while all of the barns and other buildings are good.

It is the intention of the new owners to divide the farm into two farms, and a complete set of new buildings will be erected, making one farm of 200 acres and the other of 120 acres.

Ira B. to Occupy Farm

It is expected that Ira B. Landis will occupy the larger of the two farms, while John S. Landis will probably move to Sterling.

Owned Farm Six Years

Mr. Stull owned the farm for about six years, purchasing at that time for \$95 an acre. This is an indication of how rapidly farm values are advancing in this vicinity.

DENIES STORIES

A certain local man this morning stated that both he and his wife denied the stories that had been circulated about trouble in their family affairs.

Dramatic Notes

DIXON OPERA HOUSE.

The following telegram was received by the management of the Dixon opera house in regard to the lay, "Don't Lie to Your Wife," to appear at the opera house four nights and three matinees, commencing today:

Aurora Oct. 8, 1913.

Mgr. Dixon Opera House:

Don't Lie to Your Wife Co., now laying my theatre. In my 20 years' experience managing theatres I have never witnessed a better production or the money. A real dollar show at popular prices. You may safely endorse it to patrons. You may use this telegram.

J. T. HENDERSON,
Mgr. Grand Opera House.

FAMILY THEATRE

Judging by eastern paper notices, here it has been playing for two seasons, the Nellie Andrews Co., which comes to the Family tonight, perhaps the best of the singing acts now in the vaudeville circuit. The company consists of Miss Andrews, soprano; Miss Leona Dustin,

contralto; Henry Gunson, tenor; E. J. Coles, baritone, and Charles D. Hazelrigg, musical director. The program will consist of the best selections, Il Trovatore, Faust, Rigoletto and Carmen, with some of the favorite numbers from the lighter operas such as the Chimes of Normandy, the Fortune Teller, Queen's Lace Handkerchief and the Chocolate Soldier.

Swapped Loot for Pie.
His feast on good, old-fashioned pumpkin pie came near being the undoing of a burglar who entered the residence of W. W. Martin in Bellevue. When the burglar had ransacked the lower floor and piled up a lot of places and jewelry, he decided to eat. Finding a pumpkin pie in the pantry he sat down and devoured it. Not being satisfied with the pie a jar of peaches was cleaned out. Mr. Martin, however, awakened while the burglar was eating and discovered it. POULTRY FACTS

FEED-HOPPER FOR CHICKENS

Receptacles Keep Food Clean and Yet Readily Accessible to the Fowls at All Times.

(By W. R. CONOVER, New Jersey.)
To keep the food clean and yet have it readily accessible to the fowls without constantly taxing oneself to maintain these conditions is often difficult.

The receptacles themselves must be kept clean. Vessels used for feeding wet washes should be of metal or porcelain, so that a frequent scalding may render them sanitary. Even the

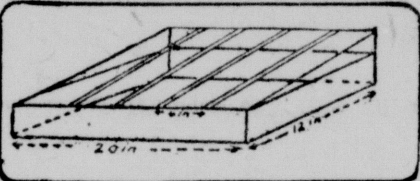

Hopper No. 1.

wooden troughs for dry feeding should have an occasional scalding and sun-drying.

Herewith are given some ideas for hoppers which are adaptable for small or large flocks as dry feed receptacles or for wet feed if the trough part is of metal. Any handy man can make them of wood. If of metal, the help of a tinsmith may be needed.

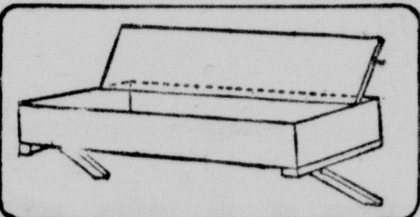

Hopper No. 1 is a useful style in a poultry house having an alley-way with a partition between it and the poultry compartments. It is arranged so that the feeding trough for the fowls is replenished from the chute-like trough opening into it from the alley-side of the partition. The feeding portion is six inches wide and three inches deep, with a cover that

Hopper No. 2.

may be raised by means of a cord running through the partition. The chute is nine inches high, and six inches wide at the top, with a hinged cover. The space through which the feed passes from the chute to the trough is three inches high.

When the feed is poured into the chute it fills the trough gradually, but without enough pressure to overflow it. As the birds eat the feed in the chute gradually settles into the trough. The bottom of the trough is two inches above the floor. The

Hopper No. 3.

trough portion rests upon cleats and is removable.

Hopper No. 2 is convenient for the small henhouse. It is a simple box with slanting strips four inches apart fastened to a frame which rests over it. It is supported on brackets. It is 2 1/2 inches high and 12 inches in width.

Hopper No. 3 has a cover which lifts and may be hooked back during feeding time. The trough is 24 inches long, 3 inches high and 8 inches wide—five inches of this width being exposed by the lifted cover. This hopper may be made of galvanized metal and used for feeding wet washes.

POULTRY NOTES

The biggest hen is not the business hen.

Charring corn is one way of providing charcoal for fowls.

Don't expect to win every prize that you compete for this fall.

Some breeds are easier plucked than others. This makes a difference.

The hen needs a balanced ration, the same as the cow or the man.

Broken charcoal is a fine conditioner for birds of all ages at all times of year.

It is the abuse and not the use of corn that condemns it as a poultry food.

It is very poor economy to inbreed to save the expense of buying new roosters.

Air slaked lime sprinkled on the floor and on the dropping boards will help to keep the place healthy and the air pure.

WHEN young men realize the importance of getting quality as well as style in clothes, we'll sell more

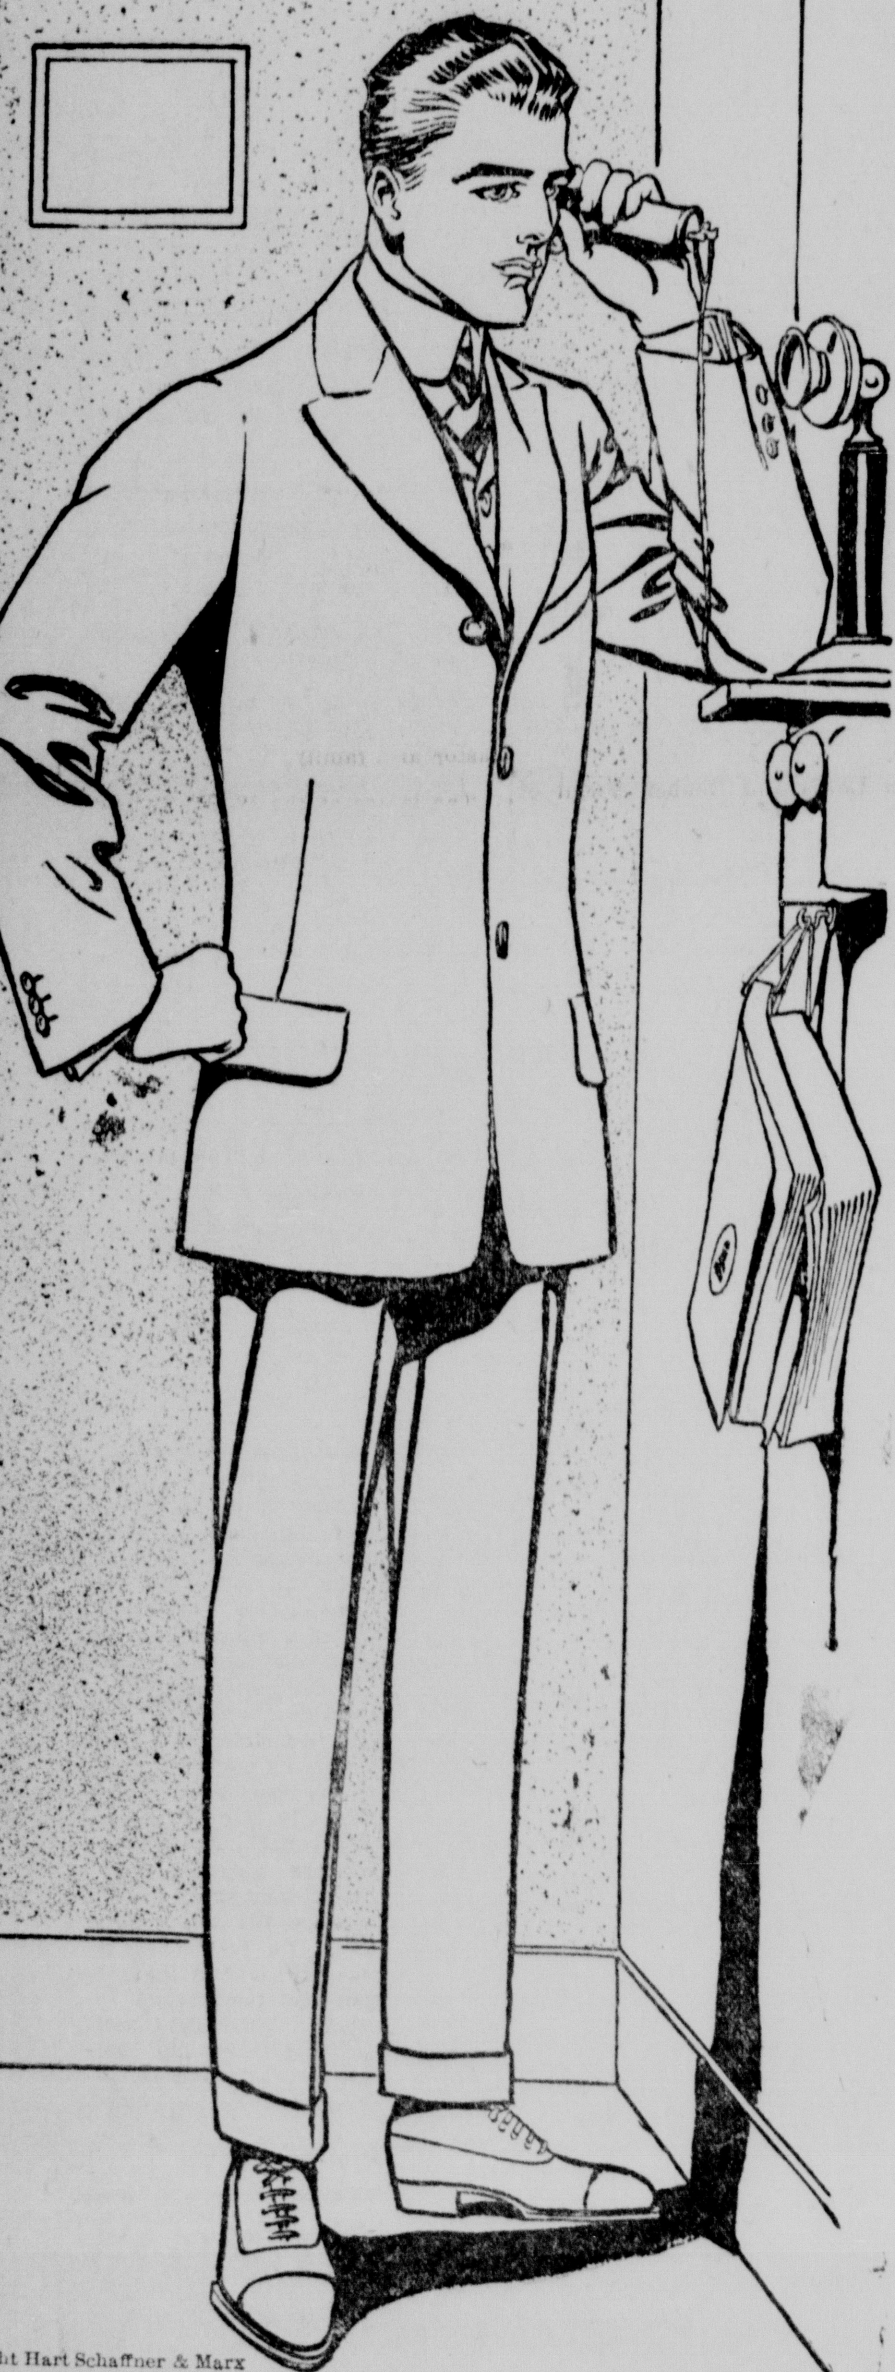

Hart Schaffner & Marx

clothes than ever before in our history. Young men are so keen for smart style, that they're very likely to have a lot of cheap quality "put-over" on them; stuff that looks good just long enough to sell.

But if style is important, the quality that keeps it in shape is just as important; the quality of fabrics and of tailoring is the basis on which style rests.

Just remember that; and don't forget that Hart Schaffner & Marx clothes, the smartest styles made, have back of the style the highest quality of all-wool fabrics and the best tailoring in the world.

Suits for fall; overcoats for fall; at \$15.00 and up. At \$25.00 we'll show you some of the greatest values ever seen. Ask to see our silk lined suits at \$20.00.

BETTER CROPS ARE INDICATED BY THE GOVERNMENT REPORT

MONTHLY STATEMENT ISSUED BY DEPARTMENT OF AGRICULTURE VERY OPTIMISTIC.

The government report for October, issued today, showing the estimated condition of crops in the country, shows a slight betterment in the condition of corn, the percentage being 65.3 on the first of the month, against 65.1 the first of September and 62.2 a year ago.

The spring wheat crop is estimated at 242,710,000 bushels against 243,000,000 last month and 333,000,000 last year. The acreage indicates a total wheat crop of 752,233,000 bushels.

The indicated corn yield per acre is 22.2, while but 22 bushels per acre were indicated the first of last month. A preliminary estimate of the oat crop places it at 1,220,139,000 bushels, against 1,418,337,000 last year.

The total indicated corn yield is 2,373,000,000 bushels; 3,124,746,000 being the yield in 1912. The quality of spring wheat is 92.

Early Visitors to Kansas City.

The first white men to travel overland from Santa Fe, N. M., to St. Louis were Pedro Vial, Josef Vicente Villanueva and Vicente Espinosa, who left Santa Fe on May 21, 1792, and ended their journey October 7. They passed the present site of Kansas City in September, after having been held prisoners for several days by the Canes (Kaw) Indians. "We reached their village," Vial wrote in his diary, "which is located on the River of the Canes. That river flows into the river called Missouri. We remained there until the 11th of September, when a Frenchman came with a pirogue laden with various sorts of merchandise, by permission of the government, to trade with that tribe."—Kansas City Star.

Worthy of Adoption.

A Rhode Island Rhodes scholar (no connection between the Rhodes and Rhode), who contributes an entertaining article to Brown Alumni Monthly on Oxford undergraduate life, says that the afternoon at Oxford is given over to athletic exercise. Hardly a half-dozen undergraduates in the college will be found at work between these hours. Games for physical development and the genuine sport of playing them—here is an English idea that is worthy of being adopted in American colleges as the system of examination by subjects. No matter how immaculate the status of the athletes, there can be no doubt that American college athletics have been sadly "professionalized" at the expense of a willingly subservient majority.

When Andrew Lost His Clothes.
The death of Andrew Lang has served to recall various anecdotes and sayings of Stevenson's well-loved "Andrew of the brindled hair." Among them is the following: Lang was a visitor at the home of a friend, and was to catch a train in the morning. Breakfast was ordered for nine o'clock, but at half-past eight a horrified maid announced to the family that some one had stolen Mr. Lang's clothes, and he could not get up. The host went to the room of his guest, and found him sitting up in bed in monochrome pajamas. There was no sign of any other garment in the room. The host went downstairs to summon the police, but before he got to the telephone, the maid came running down to inform him that Mr. Lang's clothes had been found. He had folded them up the night before and had put them under his pillow, because it was too low, and had forgotten all about it.—Youth's Companion.

Danville, Va.—"I have only spent ten dollars on your medicine and I feel so much better than I did when the doctor was treating me. I don't suffer any bearing down pains at all now and I sleep well. I cannot say enough for Lydia E. Pinkham's Vegetable Compound and Liver Pills as they have done so much for me. I am enjoying good health now and owe it all to your remedies. I take pleasure in telling my friends and neighbors about them."—Mrs. MATTIE HALEY, 501 Colquhoun Street, Danville, Va.

Invincible Warship.

A cruiser said to be the most invulnerable warship in the world has just been completed for the French navy. The builders assert they have invented a new armour-plating material more resisting than any hitherto used in modern naval construction. The new ship will be christened the "Paris." Considerable interest has been aroused in naval circles by the constructors' claim for the new plating, which, they say, is especially designed to resist the modern capped shells. The French government is known to have carried out numerous tests with the new metal before ordering the cruiser's plates, and consequently much credence is attached to the firm's claims for their invention.

Kaiser's Game Bag.

A Berlin editor who has kept tab on the kaiser whenever Wilhelm went a hunting reports that in 40 years his majesty has brought down 2,902 deer, 92 does, 1,774 dappled stags, 92 dappled does, 3,126 wild boars, 216 ordinary boars, 955 roe-bucks, 17,995 hares, 2,656 rabbits, 121 chamois, 525 foxes, three bears, 12 elks, 6 bucks, 3 reindeer, 2 muffs, 60 badgers, 1 martin, 108 woodchucks, 34 hedgehogs, 38,578 pheasants, 857 partridges, 95 grouse, 5 snipe, 57 ducks, 826 herons and 523 other game, bringing the total to 79,854. The mighty Nimrod of Oyster bay might point out, however, that there isn't a lion or an elephant or a dik-dik to the lot.—Boston Globe.

Women Bankers.

Berlin has what is said to be the only bank in the world owned and run by women exclusively for women. This is the Mutual Bank of Self-Supporting Women. It was established about three years ago, the board of control being composed of four women. It employs seven women clerks.

How to Make Better Cough Syrup than You Can Buy

A Family Supply, Saving \$2 and Fully Guaranteed.

A full pint of cough syrup—as much as you could buy for \$2.50—can easily be made at home. You will find nothing that takes hold of the ordinary cough more quickly, usually relieving it in less than 24 hours. Excellent for spasmodic cough, whooping cough, bronchial asthma and bronchitis. Mix one pint of granulated sugar with 1/2 pint of warm water, and stir for 2 minutes. Put 2/3 ounces of Pinex (fifty cents' worth) in a pint bottle, then add the Sugar Syrup. It keeps perfectly. Take a teaspoonful every one, two or three hours. This is just laxative enough to help relieve a cough. Also stimulates the appetite, which is usually upset by a cough. The taste is pleasant. The effect of pine and sugar syrup on the inflamed membranes is well known. Pinex is a most valuable concentrated compound of Norway white pine extract, rich in quinine and other natural healing pine elements. Other preparations will not work in this combination. This Pinex and Sugar Syrup remedy has often been imitated, but the old successful mixture has never been equalled. It is now used in more homes than any other cough remedy. A guaranty of absolute satisfaction, or money promptly refunded, goes with this preparation. Your druggist has Pinex, or will get it for you. If not, send to The Pine Co., Ft. Wayne, Ind.

MEXICAN REBELS SLAY SPANIARDS?

Fall of Torreon City Reported to Have Been Followed by Killing of Aliens.

FEDERAL TROOPS ARE SHOT

General Alvarez and His Entire Staff and One Hundred and Twenty-five Soldiers Reported to Have Been Put to Death by Revolutionists.

Mexico City, Oct. 9.—With the capture of Torreon by the rebels, rumors became current of a massacre of Spaniards, which, if confirmed, would approach the horror of the massacre of Chinese in the same city during the Madero revolution in 1910.

It is estimated that there are between sixty and a hundred Spaniards in the city of Torreon. Refugees who have communicated with the rebels in that district said it has been a common boast that they would slaughter the Spaniards if they succeeded in capturing the town.

The Spanish minister to Mexico, Senor Cologan y Cologan, was without information further than the reports, but was greatly concerned. He held a long conference with the American charge, Nelson O'Shaughnessy, and the latter made an appointment with the Mexican foreign minister.

The American charge is convinced of the truth of the capture of the city and has so notified Washington. Few Americans are left in Torreon.

Besides Spaniards, there are a number of French and Germans residing in Torreon. Their diplomatic representatives here are making efforts to learn their fate.

Foreign Ships to Aid U. S.

City of Mexico, Oct. 9.—It is reported that England, France and Germany have agreed to give moral support to the United States Mexican policy and will send warships to Mexican waters.

Rebels Execute 126 Men.

Laredo, Tex., Oct. 9.—General Alvarez and his staff and 125 federal soldiers were executed in Torreon, Mex., under orders of Gen. Francisco Villa of the constitutionalist forces, according to information brought to Laredo.

With the City of Torreon the rebels captured practically all the federal's arms and artillery.

Rebels Execute 126 Men.

The battle lasted four days, with heavy losses on both sides. Three hundred refugees, Americans among them, left Torreon before the capture of that city and are coming overland to the border. All are expected to reach Laredo Friday.

DIETZ'S DAUGHTER TO MARRY

Child of "Hero of Cameron Dam" Will Become Wife of Chicagoan.

Flint, Mich., Oct. 9.—Eugene Newman, 3821 Clarendon avenue, Chicago, representing a motion picture company, announced his engagement to Myra Dietz of Mayville, Wis., heroine of the siege of Cameron Dam, which resulted in the girl's father being sentenced to life imprisonment for shooting a deputy. Newman met Miss Dietz when she was convalescing in Ashland (Wis.) hospital from the effects of a bullet wound received during the siege last August. He arranged to make a feature film telling the story of the siege. During the making of the pictures in which Miss Dietz and her brothers took their original characters, Newman proposed marriage. Formal announcement will be made at a party in Mayville within a week.

ST. LOUIS SWEEP BY HAIL

Cloudburst Follows Terrific Wind—Damage Is Reported.

St. Louis, Mo., Oct. 9.—A heavy hailstorm, succeeded by a cloudburst and a high wind, broke over the western part of St. Louis, flooding streets, breaking windows and tearing down trees and signboards. The rain fell so rapidly that the sewers could not carry the water, and the sidewalks were flooded. Street cars on many lines were tied up for half an hour. In some sections of the city the hail was so thick that householders shovelled it from their porches. The lawns of Forest Park were strewn with birds that had been killed by the hail.

METER CAUSES FIVE DEATHS

Russian Rabbi and Family Perish in Gotham Flat.

New York, Oct. 9.—Solomon Schasser and four of his young children were found dead in the Schasser apartment overlooking the city. The mother and a daughter were removed to a hospital unconscious. Some one had put a quarter in the meter, and the Schassers went to sleep with gas escaping from two jets. Schasser was an itinerant rabbi from Russia.

Reunion Ends Royal Dispute.

Berlin, Oct. 9.—Prince Ernest August of Cumberland returned here and rejoined his wife, Princess Victoria Louise, who has been staying with the empress, her mother, while recovering from her recent indisposition.

HAIR HINTS

Worthy the Attention of People Who Wish to Preserve the Hair

Never use a brush or comb found in public places, they are usually covered with dandruff germs. Shampoo the hair every two weeks with pure soap and water, or a good ready prepared shampoo.

Use Parisian Sage every day, rubbing thoroughly into the scalp. This delightful and invigorating hair tonic, which Rowland Bros. sell in a large 50 cent bottle, is guaranteed to quickly abolish dandruff to stop hair from falling and scalp from itching or money refunded.

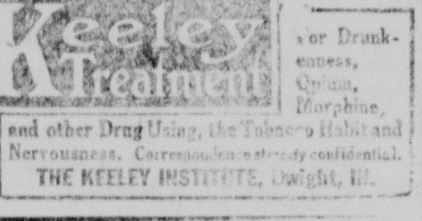

To put life and beauty into, dry or faded hair, and make it soft and fluffy surely use Parisian Sage—it is one of the quickest acting tonics known

May Raise Old Philadelphia.

It is reported that our government is considering the expediency of raising the bulk of the old frigate Philadelphia, which Decatur and his followers burned in the harbor of Tripoli in 1804. Italy is said to find the wreck a menace to navigation. The law officers of the navy department are understood to have the matter under advisement, and it is possible that they may find that we are not concerned with the cleaning up of a harbor which Italy has acquired. The Philadelphia was under the Tripoli flag when Decatur performed his exploit; Tripoli has been annexed by Italy, which takes over Tripoli's obligations and property terrestrial, marine and submarine. Hence it follows that if we are not looking for hulks we can tell Italy to help itself to what remains of the Philadelphia.—Boston Transcript.

Why Watchmakers Use Bread.

Bread is used for many purposes, but the most singular use may be seen in some of the great watch factories. More than 40 loaves of fresh bread are required each day in one such factory. It appears that from the earliest time in the history of watchmaking it has been the custom of watchmakers to reduce fresh bread to the form of dough by steaming and kneading. They use this dough for removing oil and chips that naturally adhere, in the course of manufacture, to pieces as small as the parts of a watch. The oil is absorbed by the dough, and the chips stick to it, and there is no other known substance which can be used as a wiper without leaving some small particles attached to the thing wiped.

OPPOSE CURRENCY BILL

Bankers at Convention Vote Against Measure.

Resolution Is Adopted by Financiers at Boston Which Calls Act Socialistic.

Boston, Oct. 9.—The bankers of the United States again declared their opposition to the proposed federal reserve plan of reform in the currency and banking system. With only one dissenting voice on the final vote more than 2,000 bankers from all sections of the country, gathered at the first day's sessions of the annual convention of the American Bankers' association, ratified the action of the conference of bankers in demanding amendments to the federal reserve act, now pending in congress.

Section by section they voted on and adopted a resolution which first approved the report of the currency commission, criticising the Glass-Owen measure and calling some of its provisions socialistic; next ratified and endorsed the findings and conclusions of the recent Chicago conference of bankers; third, urged on congress the wisdom of amending the currency bill as that conference recommended, and finally commended President Wilson, the secretary of the treasury and congress for their efforts to give the country an elastic as well as a safe currency.

To this last section of the resolution the bankers added a pledge of their hearty support of any and all efforts to obtain "proper legislation." The emphasis was distinctly on the "proper," however, and the effect of it was that, while the bankers thanked the president, his secretary of the treasury and congress for their efforts to improve the currency laws, they told them also their efforts had been misdirected.

The report of the currency commission which the bankers approved was presented by A. B. Hepburn of New York, chairman of the commission. It related the history of the recent campaign for banking and currency reform and then proceeded to rip up many sections of the Glass-Owen measure. It declared that the bill imposed many unwise hardships on the banks and equally unwise hardships on the public. It questioned the good faith of the government in requiring national banks to give up their national charters if they failed to subscribe to the stock of the proposed federal reserve banks.

It characterized as socialistic that feature of the bill which provides for taking over a large percentage of the capital and reserve of existing banks and giving the bankers so small a voice in the management of the money.

SCORE ARE HURT IN WRECK

Olympian Train Is Derailed in Montana.

Forsyth, Mont., Oct. 9.—Twenty persons were injured, four seriously, when the Chicago, Milwaukee & St. Paul Railroad company's east-bound Olympian train was wrecked 40 miles west of here on what is known as Ingomar hill. A relief train was sent from Miles City.

One of the seriously injured was W. H. Dugan of Chicago, Pullman conductor; ribs torn.

The train was traveling, it is said, at high speed and every car went into the ditch. The cause of the derailment has not been ascertained.

Yale Shares in Dimock Estate.

New York, Oct. 9.—Yale university and institutions in Hartford and New London, Conn., will receive eventually about a quarter of the estate of Otis K. Dimock, whose will, filed for probate, disposes of property worth half a million dollars.

SULZER DEFENSE CLOSES SUDDENLY

Impeached Governor Fails to Take Stand in Own Defense.

WANTED TO PROTECT WIFE

Above Reason Is Given by Friends of New York's Executive—Decision Is Expected on Monday.

Albany, N. Y., Oct. 9.—The Sulzer impeachment trial came to an end abruptly on Wednesday, when ex-Senator Harvey Hinman, who had been battling valiantly in defense of the governor, dropped languidly into his chair at 3:45 o'clock and murmured: "The respondent rests."

Delivered on Wednesday, following the rejection by the court of counter attacks by Mr. Sulzer's accusers and his defenders, the effect of the announcement was electrical, little short of dastardly. It meant that the fate of Mr. Sulzer will be decided at the beginning of the coming week.

It required a full five minutes for the nine court of appeals judges and forty-eight senators composing the court to relate the full import of the statement made by counsel for the defendant.

It established the fact that William Sulzer had no personal defense, or explanation to make of the charges preferred by the assembly that he has been guilty of "mal and corrupt practices," involving violations of the corrupt practices act, perjury and personal degradation by indulging in stock gambling since the people elected him governor in November last by the largest majority ever given a political candidate in this state.

According to D. C. Herrick, chief of his attorneys, Governor Sulzer decided not to defend himself in person because he did not want to be placed in the position of shielding himself behind his wife—for it was for Mrs. Sulzer, according to the testimony, that the governor had his Wall street dealings.

Judge Herrick said that the governor had heard from many quarters, including Washington, that "any man who would shield himself behind his wife ought to be removed."

Friends of the governor pictured him as a man who had martyred himself for the sake of his wife.

Upon the evidence submitted by his accusers and that of the one vital witness offered by him counsel of both sides will proceed to sum up in the effort to establish their conflicting points of view. When they have completed their undertakings the court will dispose of the motions made by Mr. Sulzer's counsel to dismiss the three important articles contained in the assembly indictment, numbering eight counts.

Three Issues Before Court.

If this final effort to save Mr. Sulzer is defeated, the court will proceed to vote on these three propositions:

Whether or not the respondent (Mr. Sulzer) is guilty of any or all of the charges contained in the articles of impeachment?

If guilty, shall he be removed from office?

If removed from office, shall he be forbidden to hold public office again?

The temper of the court at the supreme moment of the crisis confronting Mr. Sulzer, following the announcement by Mr. Herrick, his chief counsel, was manifestly unfavorable to Mr. Sulzer.

The person who assumed full responsibility and ultimate consequences of those offenses was the bright-visaged, boyish-looking Russian, Louis A. Sarecky.

VOLO WOMEN ARE INDICTED

Citizens of Illinois Town Charged With Rioting.

Waukegan, Ill., Oct. 9.—The Lake county grand jury returned indictments for riot against Anna Staefeld, Alma Walton, Lavina Redmond, Mary Sabie, Kate Wagner and Edward Krepel, who participated in the riding on a rail of Mrs. John Richardson at Volo last summer. The indictments followed a hearing of numerous witnesses, including Mr. and Mrs. John Richardson.

LAXATIVE FOR A CROSS, CONSTIPATED, SICK CHILD, "CALIFORNIA SYRUP OF FIGS."

A Coated Tongue Means Sluggish Liver and Bowels—Laxative for Mother!

Your child isn't naturally cross and peevish. See if tongue is coated. This is a sure sign its little stomach, liver and bowels need a cleansing at once.

When listless, pale, feverish, full of cold, breath bad, throat sore, doesn't eat, sleep or act naturally, has sour stomach, diarrhoea, remember a gentle liver and bowel cleansing should always be the first treatment given.

Nothing equals "California Syrup of Figs," for children's ills. Give a teaspoonful and in just a few hours all the foul waste, sour bile and fermenting food, clogged in the bowels, passes out of the system and you have a well and playful child again. All children love this harmless fruit laxative and it never fails to effect a good "inside" cleansing. Directions for babies, children of all ages and grown-ups are plainly on each bottle.

Mother, keep it handy in your home. A little given today saves a sick child tomorrow, but get the genuine. Ask your druggist for a 50 cent bottle of "California Syrup of Figs." Then look and see that it is made by the "California Fig Syrup Company." We make no cheaper size. Don't be fooled.

Register Marriages of Natives.

Missionaries of all denominations working in the Transvaal come together once a year in a spirit of Christian brotherhood for the discussion of subjects of common interest to themselves and their people. This congress has just been held in Johannesburg, and a series of resolutions was passed in which the attitude of the missionaries towards the subject of native marriages was clearly defined. Their view is that marriages contracted according to native custom should be required to be registered by a civil marriage officer; that married natives who become Christians and monogamous should have their marriages celebrated if they wish; and that a magisterial certificate, based on parental consent, should be produced before any marriage of natives is celebrated out of the district in which one or both of the parties reside.

Anniversary of Asphaltum.

It is two hundred years ago that a Greek physician of the Imperial Prussian court obtained a concession for working the large asphalt beds of Neufchatel, Switzerland, which at that time belonged to Prussia. But the enterprising physician had no luck, as he failed to arouse the interest of the financiers. It was much later, at the time of the discovery of the asphalt beds near Seyssel, in 1812, that closer attention was paid to this mineral and preparations were made for its mining. Yet another twenty years elapsed before Count Sasseny succeeded in drawing the attention of builders and allied industries to this material.

Didn't Need to Learn There.

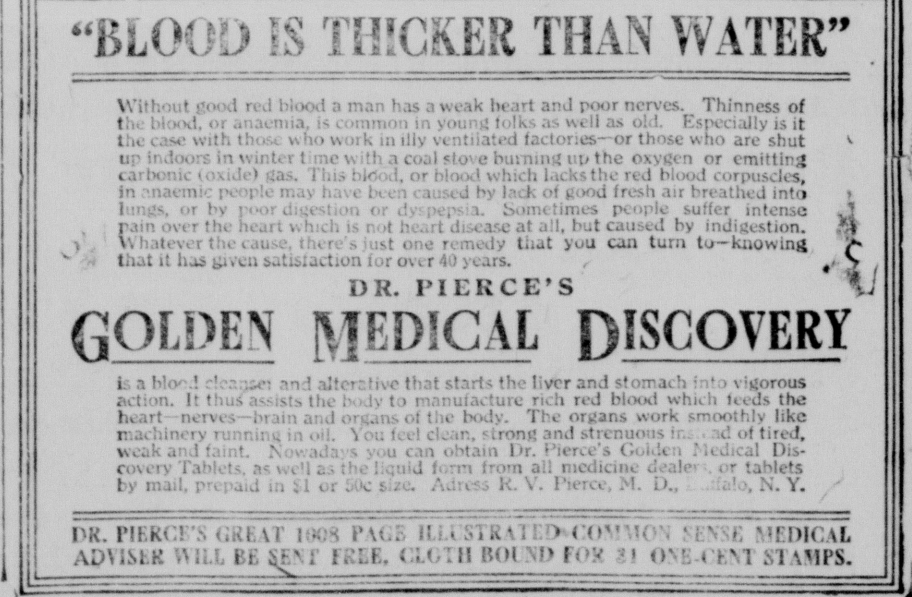

Little black Melindy had quarreled in Sunday school and her mother's mistress inquired if the child expected to attend the next Sunday. "Yes-um," answered Melindy. "Ise gwine, Ise gotter show dem stuck-up kids ma new white dress an' ma ruffled petticoat. But I sutlinly hopes none ob dem won't insist on scrappin' laik dey did last time; 'cause ef I want ter fight, Miss Angie, I doan' need ter go to Sunday school to learn how."

Desk Conveniences.

Whether the desk set is of brush brass, copper, nickel, mahogany, crystal, silver or celluloid, it should be accompanied by an upright case holding a pair of scissors and a paper cutter and flanked at either side by a group of colored pencils and crayons. Also supplementary to the ordinary desk outfit should be a sealing wax outfit including a tray holding a small case for six sticks of sealing wax and a holder supporting a candle of moderate size instead of the familiar absurdly small and inadequate looking wax stick.

BLOOD IS THICKER THAN WATER

Without good red blood a man has a weak heart and poor nerves. Thinness of the blood, or anaemia, is common in young folks as well as old. Especially is it the case with those who work in ill ventilated factories—or those who are shut up indoors in winter time with a coal stove burning up the oxygen, or emitting carbonic (oxide) gas. This blood, or blood which lacks the red blood corpuscles, in anaemic people may have been caused by lack of good fresh air breathed into lungs, or by poor digestion or dyspepsia. Sometimes people suffer intense pain over the heart which is not heart disease at all, but caused by indigestion. Whatever the cause, there's just one remedy that you can turn to—knowing that it has given satisfaction for over 40 years.

DR. PIERCE'S MEDICAL DISCOVERY

WILSON IS ANGRY

PRESIDENT DEMANDS EDITOR DENY ALLEGED STATEMENT.

Paper Said He Would Call Democratic Rebels Who Did Not Vote for Money Measure.

Washington, Oct. 9.—For the first time in the history of the United States a newspaper editor was officially rebuked by the chief executive of the nation. President Wilson sent the following communication to the editor of the Washington Post:

"Sir: I am quoted in your issue of this morning as saying that anyone who does not support me is no Democrat, but a rebel. Of course I never said any such thing. It is contrary both to my thoughts and to my character, and I must ask that you give a very prominent place in your next issue to this denial. Very truly yours, 'WOODROW WILSON.'"

President Wilson's demand for a retraction of this article showed that he has gone on the war path over various newspaper reports that he was preparing to read out of the Democratic party all who did not support him on the Glass-Owen currency bill.

The president is said to be incensed by what he considers "malicious" stories, written with the aim of bringing about an open breach between him and Senators O'Gorman and Reed, who oppose the currency bill.

The president has been planning to exercise the utmost tact and delicacy in dealing with the situation, and this fact rendered him the more angry over reports picturing him as a dictator and user of the "big stick."

Frank A. Vanderlip, president of the National City bank of New York, said he indorsed many important features of the administration currency bill. Mr. Vanderlip, however, criticized adversely certain points, notably the independence of the regional reserve banks, the character of the note issue plan and the section compelling all national banks to become members of the proposed system.

Chaffee Grant Rescues Girl. San Diego, Cal., Oct. 9.—Miss Ellen Deely, twenty years old, was attacked by a mulatto in the heart of an exclusive residence section and was saved from her assailant by Chaffee Grant, son of U. S. Grant, Jr.

English Aviator Is Hurt. Brooklands, Eng., Oct. 9.—Harry O. Hawkers, one of the best-known aviators in England, was seriously injured here when his aeroplane fell while making a spiral turn.

Julius Gottlieb, merchant, 418 W. First St., Dixon, Ill., says: "My back had been causing me trouble. Often it was so lame and sore that it was hard to bend over. The kidney action was irregular and I knew that my kidneys were disordered. Seeing Doan's Kidney Pills advertised, I got a supply at Leake Bros. Co's Drug store. They did such good work that I recommended them. I am glad to do so again."

ALDERMEN DO CLEVER WORK

MAKE TESTS OF ELECTRIC CURRENT WITH METER IN STERLING.

Sterling Gazette: Detective work on the part of the members of the light committee is responsible for the lopping off of \$121.25 from the bill of the Public Utilities company for street lights during the month of September. Some time ago the council quietly purchased a Tungsten watt meter, since which time the members of the committee have been making tests of current. No single place was selected for the tests, but the committee made them all over town. It was found, according to members of the committee, that the 49 watt lamps only tested 25 watts, while the 100 watt lamps only tested 80 watts on the average.

Street Lights Poor.

While the officials had no method of making the tests of the street lamps, they struck an average and found that the general public is only getting about three-fourths of watts it is entitled to. Judging from the poor street lighting, they decided that the same average of commercial lighting was true of the street lighting. Hence the reduction of 25 per cent was made.

The reduction was made in accordance with the contract with the company which reads as follows: Section 5—*** "In case of failure of service, payment shall be reduced accordingly."

CUBS AND SOX TIE IN NINTH

Cubs—Leach singles to right. Evers walks. Schulte dropped a hit over second. Leach scoring. Benz now pitching for Sox. Jimmy forced Evers at third on an attempted sacrifice. Saier out on fly to right. Jimmy out stealing.—ONE RUN, TWO HITS, NO ERRORS.

Sox—Weaver out on first ball pitched, third to first. Lord out second to first. Chase out on foul behind first.—NO RUNS, NO HITS, NO ERRORS.

Sixth Inning.

Cubs—Good out short to first. Bridwell walks. Archer out pitcher to first. Vaughn pops out to left.—NO RUNS, NO HITS, NO ERRORS.

Sox—Bodie safe on Evers' fumble. Collins singles to right. Bodie going to third and Collins taking second on the throw in. Chappell out short to first. Bodie scoring and Collins going to third. Schalk out second to first. Berger out short to first.—ONE RUN, ONE HIT, ONE ERROR.

Seventh Inning.

Cubs—Leach out third to first. Evers singles into left. Evers went to third on a wild pitch but was doubled on Schulte's liner to Lord.—NO RUNS, NO HITS, NO ERRORS.

Eighth Inning.

Cubs—Zim fans. Saier pops out to right. Good singles to left but caught stealing.—NO RUNS, ONE HIT, NO ERROR.

Sox—Chase singles through the box. Bodie sacrifices him to second. Collins flies to center. Chappell singles and Chase scores. Schalk out to Saier unassisted.—ONE RUN, TWO HITS, NO ERRORS.

RICH GOTHAM MERCHANT DIES

Benjamin Altman, Head of Big Department Store, Succumbs.

New York, Oct. 8.—Benjamin Altman, president of B. Altman & Co., whose great department store in Fifth avenue between Thirty-fourth and Thirty-fifth streets is one of the show places of the city, died at his residence, 626 Fifth avenue. He was over seventy years old.

Mr. Altman was one of the merchant princes of the city and developed a small shop into one of the greatest stores in the world.

SAFETY RAZORS

The finest Safety razor display than ever shown in Dixon may be seen now in our show window. The Celebrated **KEEN KUTTER** \$1.00 Safety Razor, two models, is so satisfactory we want every man to know about it and to try one.

KEEN KUTTER Safeties also comes in fancy models \$3.50 to \$5.00 and in sets from \$3.00 to \$12.00.

Why you should buy the **KEEN KUTTER** Safety Razor in preference to others. Because it is perfectly adapted to its purpose than any other razor made. Because it lies against the face at just the proper angle to shave easily and clean. Because it has that subtle quality called "hang" a **KEEN KUTTER** "Safety" fits the hand and the face without conscious effort on the shaver's part. Because it has the best blades ever put in a safety razor. They are the fine Norwegian steel [the finest and most expensive steel possible to obtain] and give more satisfactory shaves than any other razor blades known.

Because notwithstanding the superior "points" about the **KEEN KUTTER** "Safety" and its high quality it is sold for less than is asked for other high grade razors. Because it is what its name implies—a shaver, not a scraper.
